Dear Vassar College Employee,

We are pleased to offer a special discount price for home heating oil for the 2015/2016 heating season for the Employees of the Vassar College.

As a Employee of the Vassar College your account will always reflect a special discount of 35¢ over wholesale for fuel oil. Other companies may tell you that you're getting a discount, **but what they won't tell you is their wholesale price.** At bottinifuel.com, **we show you.** As a Bottini Fuel customer, we provide a login and password to view our wholesale price, just add 35¢ per gallon, to get your delivered price. Unlike our competitors, we provide programs that are completely transparent.

In addition to this special discount, we also offer Price Protection. Price Protection provides peace of mind and protects you from the fluctuating price of fuel for the coming heating season.

- **2015/2016 Season Fixed Price Special:** Fixed price of \$2.599, either prepayment or budget required, fixed price subject to change prior to commitment.
- **2015/2016 Season Capped Price Special** Get a cap price for the 2015/2016 heating season of \$2.599. You would pay an enrollment cost of \$.30 per gallon and no matter how high prices go you will never pay more than the cap price. However, if prices drop, you will pay the lower, special discounted price as described above. Capped price subject to change prior to commitment.

Need Propane for heating?

- Take advantage of our fixed price plan for home heating with a price of \$1.999 per gallon, price subject to change prior to commitment.

Price Protection enrollment is available anytime. Just call when you are ready and one of our Account Specialists will be happy to help you.
